 ZamanAsad007  md-asaduzzaman-asif  asadasif1704@gmail.com  Asad Asif  +8801726153736

EDUCATION

United International University <i>Bachelor of Science in Computer Science and Engineering GPA: 3.20/4.00</i>	Dhaka, Bangladesh Oct 2022 – Ongoing
Cambrian College <i>Higher Secondary School Certificate (HSC) Science</i>	Dhaka, Bangladesh 2019 – 2021
Chatkhil P.G. Govt. High School <i>Secondary School Certificate (SSC) Science</i>	Noakhali, Bangladesh 2014 – 2019

TECHNICAL SKILLS

Languages: JavaScript, C/C++, Java
Frameworks & Tools: React.js, Next.js, Node.js, Express.js, Redux Toolkit, Tailwind CSS, Bootstrap, shadcn/ui, Git, GitHub, Postman
Databases: MongoDB, MySQL, PostgreSQL
Platforms / OS: Windows, Linux
AI Tools: GitHub Copilot, Antigravity

PROJECTS

- MovieEngine** | *React, Node.js, Express, MongoDB, JWT, Google OAuth, TMDB API, Vite*
- Built a full-stack movie browsing application using the TMDB API with movie/TV search, infinite scrolling, public user profiles, and personalised bookmarks/watched lists.
 - Implemented JWT authentication, Google OAuth, email verification, and an AI-powered movie recommendation assistant using Gemini; deployed frontend on Vercel and backend on Render.
- Epocha** | *React, Vite, Node.js, Express, PostgreSQL, Prisma, Leaflet.js, Tailwind CSS, Zustand*
- Built a full-stack interactive historical map application where users explore significant world events via colour-coded markers, category filters, and a time slider spanning 3000 BCE to present.
 - Integrated Wikidata SPARQL and Wikipedia REST APIs for live place data; implemented Supabase Auth with email and OAuth, and an AI Story Mode powered by the Anthropic Claude API for premium users.
- The Thought Ledger** | *React, Node.js, Express, MongoDB, JWT, Tiptap, Multer, Recharts*
- Developed a full-stack blog platform with rich-text editing, inline image uploads, author discovery, and a public feed.
 - Integrated post analytics via Recharts and implemented JWT-based authentication for secure author management.

RESEARCH & PUBLICATIONS

- Blockchain-Based Hajj Pilgrim Registration System** | *SPICSCON 2025*
- Authored and presented a research paper titled “Blockchain-Based Hajj Pilgrim Registration System: Enhancing Transparency and Security” (Paper ID: 273) at the IEEE SPICSCON 2025 conference.

EXPERIENCE & VOLUNTEERING

- IEEE ICDRET 2024** Dhaka, Bangladesh
Event Volunteer 2024
- Supported conference logistics, participant coordination, and session management at the 7th International Conference on Developments in Renewable Energy Technology.
- UIU Sports Club** Dhaka, Bangladesh
Volunteer – Esports & Indoor Tournament Ongoing
- Assisted in organising and executing university esports and indoor tournaments, fostering student engagement.

INTERESTS

Passionate about full-stack web development and exploring tools that enhance developer productivity. Deeply interested in AI and machine learning, with a long-term goal of building intelligent, data-driven web applications.
